

EXPECT TO BREAK RECORDS

Eight Racing Balloons
Sail Away From
Kansas City

SPLENDID START MADE

Aero Club of America Stand Ex-
cellent Chance of Winning
International Trophy.

Des Moines, Ia., Oct. 6.—The bal-
loon America II, one of the strong-
est contestants in the International
Balloon race for the James Gordon
Bennett cup which started last night
from Kansas City landed four miles
from Amesbury, Ia., at 1:30
o'clock this morning. The craft had
been buffeted about in a severe gale
for several hours. In making the
descent the balloon became en-
tangled with telegraph wires and
the pilot A. W. Artman and his aid
C. Hulbert were injured.

Kansas City, Mo., Oct. 6.—Before a
favorable 20 mile wind from the
south and southeast, eight racing bal-
loons sailed away from here yester-
day afternoon in the contest for the
James Gordon Bennett trophy and
the Lahm cup.

Six of the air craft, three repre-
senting the United States, two Ger-
many and one France, are entered in
the Bennett race an annual interna-
tional event. The three American
balloons in this contest and two other
American balloons are after the
Lahm cup. A ninth balloon, which
acted as pilot in the international
race is attempting to break the alti-
tude record.

Every balloon got away to a good
start. The pilot balloon, Pennsylv-
ania I, and the America II had trou-
ble getting clear of the ground but
by dumping a little sand both were
soon able to gain a good flying alti-
tude.

The Berlin II did not rise well un-
til after it had cleared the aviation
field, and its drag rope raked two
or three spectators off their seats
but none were severely injured, and
the bag was not long in rising to an
estimated height of 500 feet.

With the exception of the last two
bags to sail, the Kansas City II and
the Topeka II, all of the balloons flew
almost due north. The Kansas City
and Topeka entrants were caught up
by a wind from the southeast and
carried northwest. It was almost
dark when the last two balloons sailed.

All of the aeronauts were well
pleased with the starting conditions.
They predicted long flights and one
or two were willing to venture that
the record of 117.1 miles establish-
ed by the America II last year would
be broken. All the balloonists in the
Bennett and Lahm events said they
fully expected to cross the Canadian
border.

The balloons left in the follow-
ing order:
The pilot balloon Pennsylvania Ar-
thur T. Atherholt, pilot, E. R. Hunne-
well, aid, sailed away at 5:13. The
Pennsylvania will not compete for
the Lahm cup, but will try for the
altitude record, now held by Pilot
Atherholt.

The Condor, flying the French flag
left at 5:35. It is in the race for the
James Gordon Bennett cup. The pilot
of the balloon Condor is Emile Du-
bonnet, aid, Pierre Dupont.

The balloon America II got away
at 5:42, going northwest. Pilot Wil-
ham F. Assman, aid, J. C. Hulbert.

Rising from the ground at 5:53
the German Balloon, Berlin I, sailed
away. Pilot, Lieutenant Leopold
Vogt, aid, Lieutenant Martin Schol-
ler.

At 5:56 the Million Population
club, John Berry, pilot, Paul McCul-
lough, aid, rose to a great height and
started.

The balloon, Buckeye, Lieutenant
F. P. Lahm, pilot, J. H. Wade, Jr.,
aid, ascended at 6:01.

The German balloon, Berlin II, as-
cended at 6:11. Lieutenant Hans
Gerike, pilot; F. O. Duncker, aid.

As entrant for the Lahm cup, the
Kansas City II ascended at 6:18.
Capt. J. E. Moneywell, pilot; John
Watts, aid.

Getting a fine start, the balloon
Topeka II ascended at 6:20. It is a
competitor for the Lahm cup. Pil-
ot, Frank M. Jacobs; aid, W. W.
Webb.

Following are the regular cash
prizes offered in the Bennett races:
First, \$1500; second, \$1000, third
\$500.

In addition to these the Kansas
City Aero club today announced that
it would give the following prizes:
First, \$450; second \$224; third,
\$125.

No cash awards are offered in the
Lahm race.

SECOND DAM HORROR IS REPORTED TODAY

Minneapolis, Minn., Oct. 6.—The big dam of the LaCrosse Water
Power Company, at Hatfield, Wis., went out at 10:10 o'clock today fol-
lowing 21 hours of heavy rain.

Officials of the power company immediately requested telephone
companies to warn all points below on the river of the approaching flood.
People were told to flee for their lives to high ground.

The waves from the broken dam reached Black River Falls at 11:45.
The town of Hatfield is flooded. The damage will be immense. Telephone
and telegraph communication with the flooded district is impossible and
few details can be obtained.

Notwithstanding persistent reports to the effect that the big dam at
Hatfield went out today the headquarters of the LaCrosse Water Power
Company here persist in denying the story asserting that the flood has
cut a new channel around the west end of the dam which accounts for
the rise below.

Telephone connections with Black River Falls, 12 miles below, were
cut off about 11:45 today. The operator at both Belt and Independent
companies notified their central offices at North Bend that they were
leaving on account of the rapidly rising waters.

character. Then, too, there is a
chance that America will come into
permanent possession of the trophy
in this race. By the rules of the con-
test, the trophy becomes the property
of the first club that wins it three
times successively. Representatives
of the Aero club of America have won
the last two contests.

Kansas City, Oct. 6.—Three un-
identified balloons, leaders as far as
known in the James Gordon Bennett
and Lahm cup races, passed Tarkio,
131 miles northeast of Kansas City
and but 15 miles from the Iowa state
line, last night at 8:30. They were
traveling high and fast.

CONVICT FOUND HIDING ON TRUCK OF FREIGHT CAR

Columbus, Oct. 6.—William Bren-
nan, alias S. A. Brooks, alias Harry
Austin, penitentiary convict who has
had the prison officials and guards
puzzled since he disappeared yester-
day was found hiding out in the pen
about two o'clock this afternoon by
guards. He had hidden himself in
the truck of a freight car and but for
the timely discovery would have been
hauled out of the prison to free-
dom. He has been placed in solitary
confinement.

WANT FORTUNE FROM HOLLAND

Rock Island, Ill., Oct. 6.—Hol-
land's queen may soon be poorer by
\$180,000,000 than she is now. For
\$200,000 are meeting here today
to formulate a plan to get from the
Dutch treasury that sum said to have
accrued to her from the enormous es-
tate of the famous Dutch general,
Paul Wertz, who died in 1732. A
government edict issued in 1852
disinheriting the crown all unclaimed
estates the heirs declare, is the only
thing that stands in their way. They
will raise funds to secure attorneys
and hope to break the edict.

THIEF ROBBED GIRL'S STOCKING OF MANY JEWELS

Pittsburg, Pa., Oct. 6.—Miss Eliza-
beth Gilles, society belle of the Haz-
elwood district, sister of Hamilton
Gilles, of the County Commissioners' office,
has been robbed of jewels val-
ued at several thousand dollars, that
she had placed in her silk stocking.

The robbery took place last night
somewhere between the Gilles home,
Hazelwood avenue, and Calvary
street, and the home of F. Miller, a
friend of the Gilles family, where
Miss Elizabeth visited.

Here is a list of the precious han-
dles missing: one necklace (nine dia-
monds), one locket (one diamond),
two earrings, (two large diamonds),
one ring, (four diamonds), one ring,
(six diamonds), six rubies and six
turquoises.

While Hamilton Gilles was away
Miss Gilles decided to visit the Mil-
lers. As she lives alone with her
brother, she did not want to leave
her jewels, including several hir-
looms in the empty house.

As burglaries are frequent this
season of the year, she sought out a
little purse with a gold clasp and
placed therein all her valuable pos-
sessions. Then, woman-like she put
it into her stocking.

While returning from the Miller
family, on a street car, a man sat on
one side of her and a woman on the
other. When she reached home she
found the jewels were gone. Miss
Gilles reported her loss to the po-
lice.

RILEY HONORED.

Indianapolis, Oct. 6.—Today is
"Riley day" through Indiana and
more than 100,000 school children
will pay tribute to the Hoosier Poet.
Formal exercises will be held in all
of the Indianapolis schools. The
poet has steadily declined to give the
date of his birth, but it is thought
he will be 62 years old tomorrow

STRIKERS ARE INCENSED BY COURT ORDER

New Orleans, La., Oct. 6.—Fedral
authorities all over the middle
west are today preparing to cite for
contempt any strikers on the Harri-
man lines or the Illinois Central who
violate in any way the numerous
sweeping Federal injunction re-
straining strikers from interfering
in any way with the operation of
trade.

The carrying of the labor war into
the federal courts with the prospect
that federal troops may be called
out has incensed the strikers and the
sympathizers to such a pitch that dis-
astrous outbreaks are feared.

The labor cry against "government
by injunction" is emphasized because
of the sweeping character of the
blanket injunction.

The men on the Harriman lines
have thus far been orderly. It has
been along the Illinois Central that
the trouble was most marked.

Yesterday's outbreak at Algiers,
across the river from New Orleans
was the first of a serious nature that
has occurred on the Harriman lines.

Augusta, Ga., Oct. 6.—The Georgia
and Florida railroad company is com-
pletely tied up today, and provisions
are being taken to town along the line
by wagons from points on other rail-
roads. An effort was made today to
induce officials of other lines to send
an engine to move a train stalled
south of here by lack of water, but
their requests were refused as the
other roads feared becoming involved.

Would Indict Strikers.
Chicago, Ill., Oct. 6.—Indictments
against the heads of the American
Federation of Labor, the officials of
the system Federation on the Illinois
Central, and officials of the nine in-
ternational unions composing a fed-
eration may be sought in the U. S.
District court by Illinois Central
railway officials under the Sherman
anti-trust law. B. Lee, general coun-
sel for the road said today. "The
law department of the Illinois Cen-
tral Railway is investigating this
strike order and it is of the opinion
that what is being done is clearly a
violation of the criminal clause of
the anti-trust law.

It is a violation also of the civil
clauses of the Sherman law under
which the damaged party in this case
the railroad, if it goes into court can
secure triple damages. We have se-
cured some evidence already and still
have the case under advisement."

STARTED WEST WITH DEPOSIT

Akron, O., Oct. 6.—Harold Tyler,
13, of Cleveland, office boy for Harry
Ingleson of the Cleveland Leader,
was stopped at Cuyahoga Falls yester-
day in his progress to the wild
west where he intended to fight In-
dians with his new revolver and box
of cartridges.

Marshal Williams detained Harold
and turned him over to Cleveland of-
ficers Thursday evening. The boy
had been given \$60 in cash and a
\$200 check to deposit. He gave the
check to another boy to return to
the office he says, but had most of
the \$60 intact when caught.

INTERNATIONAL PEACE TREATIES WIN SUPPORTERS

Tocattelo, Ida., Oct. 6.—Determined
to make international peace the big
policy of the administration following
the defeat of the Canadian reciprocity
pact, President Taft today, became a
well defined project to ratify treaties
with several European countries.

In several states already traversed
the evident popularity of the peace
proposal has induced senators who
were formerly opposed to the treaties
to declare for them. Cummins of
Iowa and Smoots of Utah are among
the converts. The president counts
seven senators lined up on his side as
a result of his trip thus far. Today the
president spent in Idaho, making only
two stops and riding for nine hours
across the sandy hills of the state.

ITALIANS ACCEDE TO DEMANDS

All Operations Along the
Asiatic Coast to be
Suspended

BRITISH LAUNCH SUNK

Third Time That English Ships
Have Been Fired Upon—
Troops Invade Tripoli.

(Bulletin)

London, Oct. 6.—The Turko Italian
war zone was extended today to the
Red Sea where an Italian cruiser
bombed the Arabian port of
Hodeidah and is reported to have
sunk a Turkish gunboat and a British
launch. Following close on the
heels of a statement from Rome
that the Italian army had been or-
dered to cease its operations in the
Adriatics came a telegram from
Switzerland telling of a naval en-
gagement near San Giovanni in which
Turkish torpedo boats were ksun
with a heavy loss of life.

London, Oct. 6.—Italy has ac-
cided to Austria's demand and issued
orders to its navy to cease all op-
erations along the Adriatic coast. Dis-
patches from various points today
indicate that Italy has decided to
confine her operations to the occupa-
tion of Tripoli. The only serious news
from an international viewpoint to-
day was that a British launch had
been sunk by two Italian ships at
Hodeidah. This is the third time
since the war began that British
ships have been fired upon, two hav-
ing been reported sunk.

London, Oct. 6.—The Chronicle's
Constantinople dispatch from Tripoli
says that Italian warships are bom-
barding Benghazi and Derna and
that the former is vigorously return-
ing the fire.

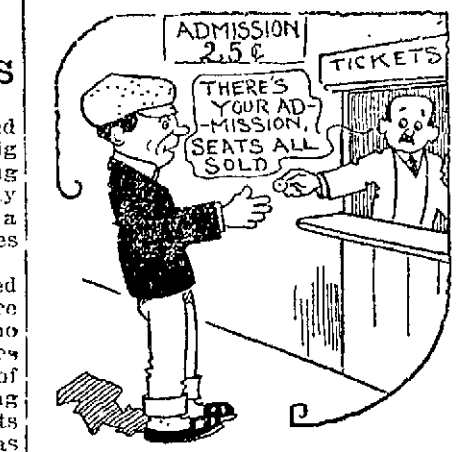

London, Oct. 6.—The Italian flag
floats over Sultania Fort at Tripoli,
which is occupied by landing parties.
Part of the fleet is anchored in the
harbor and the other warships lie a
short distance from the dismantled
fortifications. Few bodies of Turks
have been found among the ruins of
the forts and apparently no great
number of Turks were killed by the
bombardment.

An interesting report is current
from Constantinople, that while
Germany favors the adoption of the
Italian ultimatum as the basis of
peace negotiations, Great Britain
proposes that Tripoli shall become a
privileged tributary vassal, under
Turco-Italian administration, thus
retaining the suzerainty of the sul-
tan.

ARBITRATION IS PROPOSED.
Paris, Oct. 6.—Bostani Effendi,
the Turkish delegate to the council
of the Interparliamentary Union,
acting under the advice of other
members of the council, today tele-
graphed to the porte suggesting that
Turkey offered directly to Italy to
arbitrate all the differences between
the two governments, as both are
signatories to The Hague conven-
tion. It Italy refuses, as Bostani
Effendi considers probable, she will,
he believes, be still further placed
in the wrong before the world.

TRIO OF SENATORS PROBING ELECTION OF STEPHENSON

Milwaukee, Oct.—The Stephenson
investigating committee will shortly
transfer its hearings to Washington.
The evidence desired to be obtained
here in Milwaukee has almost all
been obtained. Senator Stephenson
explained before the committee how

he came to spend over \$100,000 to
be elected to the United States sen-
ate. In the photo are shown three
members of the committee snapped
in Milwaukee—Chairman Heyburn
of Idaho, Senator George Sutherland
of Utah and Senator Atlee Pomerene
of Ohio.

HOGAN WILL PUT EVIDENCE BEFORE JURY

Columbus, Oct. 6.—Attorney General
Hogan's probe into the affairs of the
penitentiary today developed enough
facts of suspicious nature to warrant
him in stating that a transcript of the
testimony taken would be turned over
to the Franklin county grand jury for
investigation. Hogan's inquiry had to
do principally with the buying of food
supplies at the penitentiary.

Warden Jones was on the stand for
over two hours today. Under Hogan's
questioning he admitted that before
August 18 when the new state board
of administration took charge of the
place the institution purchased 1250
pounds of fish weekly at a cost of
\$105. Since the new board assumed
control it was found that only 750
pounds of fish were needed each week
which were purchased at a cost of
about \$27. He said that the board now
pays \$3.61 a hundred for the same fish
that C. B. Randall, discharged stew-
ard paid \$8.50 a hundred for.

MANUEL MAY REGAIN CROWN

Vico, Oct. 6.—All northern Portugal
is in a state of revolt today. Repeated
rumors of Royalist successes came
from across the border but the censor-
ship is so strict that it is difficult to
find out exactly what happened. The
Royalists crossed the frontier yesterday
in two detachments of 3,000 men each
under the command of Captains Cou-
cheiro and Machado.

This force is expected to joined by
2,000 armed peasants at Avamonte and
then march south to Oporto.
A special dispatch from Thy says a
battle was fought near Chaves in which
the republicans were badly beaten. The
dispatch adds that the majority of the
garrison Chaves deserted after the
battle and joined the Royalists who at
once seized the town and established
headquarters there.

According to the Royalist leaders
they have two warships with which
they will attack Oporto as soon as
their land forces reach the city. It is
also stated that Oporto is prepared to
hoist the blue and white flag of Manu-
el as soon as the Royalist army comes
in sight.

SEVERE 'QUAKE IS RECORDED

Cleveland, Oct. 6.—A severe earth-
quake estimated to have centered at
from 2000 to 3000 miles from here
was recorded by the seismograph
here today. The first shock was re-
corded at 4:21 with the maximum
disturbance showing between 4:28
and 4:29. The quake ended at 5:15.

SPINSTER STARTED ON WAR PATH

Used Automatic Gun and
Wounded Number
of People

SHOT UP MANY PLACES

Routed Teacher and Pupils of
School and Chased Them
Half Mile—Believed
Insane.

Pittsburg, Oct. 6.—Miss Maggie
Reinman, 45 years old, daughter of a
wealthy farmer of McCandless town-
ship, was landed in the Allegheny
county jail last night.

Yesterday Miss Reinman armed
herself with two ugly automatic revol-
vers and started on the war path. Be-
fore she got tired she had put bullets
into half a score of men, shot up two
hotels, one postoffice and one school-
house, chasing a teacher and 100
pupils for half a mile, then visited
every farmhouse within a radius of 10
miles, and at the points of her re-
volvers drove the farmers and their
families to the hills.

Deputy Sheriff Thomas W. Wright
found her resting at the home of a re-
lative after her "shooting-up" expedi-
tion.

She crawled under a sofa and fought
him off, while she pleaded with the
relatives to run to her home and bring
her guns so she could "ride the de-
puty sheriff with bullets." She was
finally handcuffed, but fought desper-
ately all the way to jail.

The woman first made her appear-
ance in the Perryville road at the
fashionable Five-Mile Inn. She fired
a round of shots into the ceiling of
the hotel.

The guests, believing the hotel was
blown up, rushed helter skelter down
the stairs in panic-stricken style. Or-
dering them back, the woman then
went to a country hotel at Pine Creek.
She shot holes through the doors.
The proprietor and a few guests stuck
their heads out of the window. Her
instruction to "get in there!" was ac-
companied by five shots.

Several persons were wounded.
A posse made up of the hotel guests
started in pursuit of the woman. They
found her resting in a barnyard prepa-
ratory to resuming her work of
"shooting up" the country.

She saw them first and fired a
fusillade of shots at the party. All ran
for their lives back to the hotels.

Her way clear, Miss Reinman start-
ed out again. She visited every farm-
house within a radius of 10 miles and
shattered their windows with bullets.

Farmers and their families rushed
in terror to the hills. Miss Reinman
seemed satisfied just to rout them from
their homes and made no attempt to
pursue them.

At 10 o'clock she informed a num-
ber of frightened farmers that she in-
tended to "shoot up" the Logan
schoolhouse at Pine Creek. After she
had started for that place one of the
farmers telephoned to the school and
warned the teacher.

When Miss Reinman arrived at the
school with a new supply of ammuni-
tion and her pistols in good working
order, Miss Gertrude Seibert, the teach-
er, had barricaded the doors. Miss
Reinman ordered her to open the
doors. When the teacher refused to
open the doors, the woman fired a
fusillade of shots.

Thomas Sarver, president of the Lo-
gan school board, arrived on the
scene at this juncture, but Miss Reine-
man, with her drawn revolvers, chased
Sarver, the teacher and the 100 pupils
out of the school.

An approaching posse of farmers
caught her eye, and, taking up her po-
sition behind a big tree, she frightened
them with a round of shots. They re-
treated.

By this time the sheriff's office had
been communicated with. The sheriff
was informed of the woman's conduct.
He sent Deputy Wright out to arrest
her.

But before the deputy sheriff's ar-
rival Miss Reinman had made her way
to the postoffice in the village of Ke-
own, a short distance away. She fired
a round of shots into the building and
threatened Postmaster John Sarver
with death if he "batted in."

Then she went to her home, hid
her revolvers and then went to the
home of a neighboring farmer, John
Yentling, where she was arrested by
Deputy Sheriff Wright. It is believed
the woman is insane.

HUNTS GAS LEAK WITH MATCH.

Zanesville, Oct. 6.—Edgar Bash,
a stove fitter, was fatally burned last
evening when he lighted a match to
investigate a broken gas pipe at the
home of Frank Slack. He was fright-
fully burned from the waist up and
the Slack home was partially wrecked.

Society

Mr. and Mrs. Ernest T. Johnson entertained at their home in Hudson avenue on Thursday evening with a stag dinner party in honor of Mr. Thad L. Montgomery of Coshocton. The color effect used on the table was red and white, the center flower cluster being of red dahlias.

The following were guests: Thad L. Montgomery, Rev. L. P. Franklin, Messrs. Charles Spencer, Edward Kibler, W. A. Dorey, Harry Swisher, Jas. Fitzgibbon, George Graeser, Fred C. Evans and Fred Black.

On Wednesday evening the members of the Cooking club gave a picnic at the Norpell bungalow in Lover's Lane. A delicious dinner was served.

The following were present: Misses Frances Wright, Louise Norpell, Altie Cook, Marion Welant, Sarah Seymour, Hazel Altshool, and Mary Dickinson of New Castle, Pa.; Messrs. Frederick Wright, Tom Rolph, Wm. J. Cady, Stacey, Adelbert Conley, Max Norpell and Wade Sheppard of Granville.

Mrs. W. C. Briggs was hostess to the Wednesday Afternoon Sewing and Reading club on the club day this week, at her home in West Church street.

Sore Throat Wisdom

If every mother could realize the real danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it.

Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Tonsillitis or Diphtheria, and is not removed from that danger until the throat is cured. Think of it! Liniments or outward application of medicines do not and cannot cure the ailment, though they may offer temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure.

To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the stitch in time.

Use a little sore throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the 25 or 50 cent sized bottle when you go to the drug store to get it. The Tonsiline Co. Canton, Ohio.

Attorneys Roderick and Howard Jones will leave for Washington, D. C., this evening to be admitted to practice in the United States Supreme court.

Mrs. J. B. Jones and Mrs. Fred Seymour and Mrs. J. C. Krieg left for Toledo Friday morning to attend the State convention of the Boards of Charities.

Mrs. Thomas Nichols, who has been conducting a boarding house on the corner of Fourth and Locust street, is moving to her new location, 28 East Locust street.

Mr. George Beck, foreman in the composing room of the Advocate, accompanied by his wife, left Friday for Fairmount, W. Va., where they will visit relatives and friends.

Mr. and Mrs. D. C. King and daughter, Miss Hallie, who have been visiting at the home of Mr. and Mrs. R. D. Williams, in the North End, during the past week, left for their home in Peoria, Ill., Friday morning.

Mr. and Mrs. L. F. Woodson and daughter, Miss Helen, of near Cambridge, Guernsey county, have been visiting relatives in the city during the week. It is quite probable that Mr. Woodson will remove his family to Newark in the near future.

Mr. and Mrs. O. C. Jones returned from New York this morning, the mayor having come home to attend the Licking county fair today. Two weeks ago they went east with Mr. and Mrs. E. C. Wright, accompanying Miss Irene C. Jones who sailed Saturday for a trip around the world. Mr. and Mrs. Wright are still in the east and expect to remain to see the 1911 baseball finish.

Recipes for Oct. 7, 1911.

German Potato Noodles—Boil and mash sufficient white potatoes to make one quart. While hot mix to a dough with one teaspoonful of salt, two well beaten eggs and two-thirds of a cupful of flour. Work into a long roll an inch in diameter, cut into two inch pieces then roll again until but half as thick. Put three tablespoonfuls of lard or dripping in a frying pan over the fire. When very hot drop in a part of the noodles and turn frequently until browned all over. Drain on unglazed paper and serve garnished with parsley.

Gold Cake—Beat one cupful of sugar and one-half cupful of butter to a cream, beat in the unbroken yolks of six eggs, beating in one at a time. Add alternately one-half cupful of milk and one and one-half cupfuls of flour and last add one teaspoonful of baking powder. Bake slowly in small patty pans, and frost with orange frosting, made by grating the rind of an orange into boiled frosting.

DAVIES STORE NOW COMPLETE

The alterations in the Davies Dry Goods Store have been completed and the store presents a splendid appearance with handsome new show windows, new fixtures, throughout, fine new office etc. The cloak and suit room is now a big feature of this busy store. This department is 100 feet long and is richly carpeted in green Wilton velvet, making it most attractive and up to date in every way. The Davies store is one of the most successful stores in the city and is constantly adding new lines and keeping up to the minute in every particular.

SCHOLLER BABY DEAD IN CLEVELAND; FATHER IN PRISON

A message addressed to Henry Scholler, care of the city prison, advising him of the illness of his baby, resulted in an investigation by local officers Thursday and word was received from Cleveland saying that the baby had died.

This baby was one of a family of three children which was divided between Scholler and his wife when their domestic difficulties came to a crisis following Scholler's arrest on a charge of fighting. Mrs. Scholler took the infant much against her wishes. She had deserted the entire family following the arrest of her husband but was induced to return to the city and settle the difficulties between the parents.

According to the terms of settlement, the parents divided the household goods and the family's finances. Mrs. Scholler took the baby and the husband was given the custody of the two older children. Since that time, Scholler has been arrested on a charge of grand larceny and is awaiting trial on the latter charge.

MISS LA FOLLETTE TO MARRY
Madison, Wis., Oct. 6.—The announcement of the engagement of Miss La Follette, daughter of United States Senator Robert M. La Follette, to George Middleton, a playwright of New York, was made here today.

OUT GOES RHEUMATISM

RHEUMA is guaranteed to drive out every bit of Rheumatic Poison, or money back.

That's a pretty strong, ironclad guarantee, but Evans' drug store will stand back of it every day in the week.

So if you suffer from Rheumatism of any kind whatever, put RHEUMA to work today. RHEUMA doesn't waste any time getting ready, but starts the first day to act on the kidneys, liver, bowels and blood and to drive the poisonous uric acid, which is the cause of Rheumatism, from the system.

If you haven't Rheumatism yourself, tell your Rheumatic friends about this money-back offer. A bottle of RHEUMA only costs 50 cents at Evans' drug store or mailed charges prepaid by Rheuma Co., Buffalo, N. Y. Send for free trial bottle.

For acute indigestion or any stomach misery get ENGLISH MARIHU, 25 cents at Evans' drug store. Mailed by Rheuma Co., Buffalo, N. Y.

MY CORNS DON'T HURT A BIT

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this:

"The corns on either of my toes were as large as the tablets you make to cure them. To-day there is no

sign of corns on either foot and no soreness. It's an up-to-date Godsend.

—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

PLASTRONS APPEAL TO THE PRACTICAL WOMAN.

To relieve the severe effect of an almost plain separate blouse and make it possible for wear at an informal luncheon, there is nothing better than the lingerie plastron. This one of white silk mousseline is centered through its stock and plastron with three rows of hemstitching and trimmed with double rows of insertion and an edging of white Irish crochet. At the left edge of the plastron is attached a wide frill of matching materials, plaited closely and set on in ripple effect.

**ONE PER CENT
TAX RESULTS**

Telegrams that are being sent out
from cities throughout Ohio herald the
beneficial results that are brought
about by the Smith one per cent tax
rate law. The following was sent out
from Cleveland recently, and was pub-
lished by the Ohio State Journal, Re-
publican: "When Clevelanders get
their tax bills this fall they will find
that under the new valuations and the
new rate they will not have to pay as
much tax on their homes as last year.
Auditor Prestien says so. There may
be exceptions, but not many.

"There are two reasons. The Smith
Law limits 1911 expenditures of Cleve-
land to the amount which was raised
by taxation in 1910. As the city is in-
creasing in wealth, this lightens the
burdens on each taxpayer. The second
reason is that the corporations will
pay more than they did in 1910.

"The duplicate for Cleveland will
not be completed for a week or ten
days, and until that time the budget
commission cannot meet to fix the
rate and apportion the money; but
with nearly all figures in, Auditor
Prestien feels sure that \$710,000,000
will be just about the amount on the
duplicate, and approximately \$1.25 per
\$100 will be the Cleveland tax rate."

In 1910 the rate was \$2.18 per \$100,
so that there will be a reduction of
\$2.19 per 100, or a decrease of 63 per
cent. The rate in 1911 is just a little
more than half of what it was in 1910.

The following is a dispatch which
was sent out from Cincinnati recently
by "The Associated Press": "At a
meeting of the budget commission to-
day it was decided to reduce the funds
levied for city purposes in every de-
partment of the city. This includes
both the service and safety depart-
ments.

"The action of the committee is due
to the necessity of complying with
the provisions of the Smith one per
cent tax limit law."

Evidently the Smith law is doing
in Cincinnati, just what Governor
Harmon predicted it would do, not
only in the Queen City but all others
where extravagance prevails; and that
is, squeeze out the wastefulness.

Constipation
Is Cured by
HOOD'S PILLS
25c.

Mr. E. A. Edmonds was one of Sen-
ator Stephenson's Wisconsin man-
agers, and he has a very bad memory.
He can't remember what the money
expended went for, it went so long
ago. Edmonds paid no attention to
accounts; he left that to others. Rod-
ney Sackett said there was a card in-
dex account of expenditures, but it had
been destroyed. This is unfortunate,
because it will never be known why the
public how \$107,000 could be spent in
a senatorial campaign without putting
any of it to improper uses. These are
a few of the facts brought out in the
Senatorial investigation of Stephe-
nson's election thus far.

The country is getting a few dribbles
of money back into the treasury from
the sale of scrap metal left by French
contractors in the Canal Zone. A Chi-
cago wrecking company has contract-
ed to pay \$215,000—it being the high-
est bidder—for old locomotives, di-
dges, excavators, dump cars, boil-
ers, cranes, rails, copper, brass and
other scrap that remains unutilized
along the line of the big ditch. The
bid is equivalent to \$3 per ton for the
refuse on the spot.

COURT NEWS

Common Pleas Court.
In the case of Martin D. Harts-
horn, et al., vs. A. G. Wyeth, et al.,
a suit to recover on a bond, the de-
fendants, in open court, offered to
confess judgment for \$1053.

C. A. Hatch vs. Geo. A. Parker;
an amended answer and cross peti-
tion was heretofore filed, which it is
claimed makes new issues. Ordered
that cause stand for trial on the
original pleadings. Exceptions.

Fredric S. Wright vs. Edwin S.
Browne, et al.; Leave given to make
Daniel Altschul a party defendant,
with leave to plead instantly. The
suit is brought in foreclosure.

Margaret M. Browne, Adm'r, etc.,
vs. Edward S. Brown, et al., leave
given to settle claims against estate
of J. Roland Browne.

Patrick McGinley, the florist at
ark and American Bottle Co., leave
given to amend answer by interlinea-
tion. Plaintiff sues to recover dam-
ages caused by running an auto-
mobile into an obstruction on Man-
ning street, this city.

Appointed Administrator.
Owen G. Osborn has been appoint-
ed administrator of the estate of
Elizabeth R. Griffith, deceased of
Licking township, bond \$2,800.

Files Motion.
In the case of Mary Floyd vs.
Patrick McGinley, the florist at
the B. & O. depot, the defendant,
through Kibler & Kibler, his attor-
neys, has filed a motion asking the
court to make its former judgment
rendered in the case more definite
and certain, by fixing the bound-
ary line between the properties of the
parties located on Buena Vista and
Lawrence streets.

The contention made in the case
was as to this boundary line and
the parties seem unable to under-
stand the former judgement of the
Court or agree on the meaning of
the language of the Court and plain-
tiff recently had the defendant cited
in the Court for contempt.

Case Not Decided.
The case of the Columbus Natural
Gas Company against the Licking
County Commissioners, a suit to en-
join the commissioners from interfer-
ing with the ten inch main on the
Columbus road, east of Summit Sta-
tion, has, after attempting all Fri-
day morning to adjust the same,
been adjourned until Saturday morn-
ing.

LOOKING FORWARD

The winter soon will make a trip this way, in maudlin frenzy,
and then we all will have the grip, sore throats and influenza. The
bizzard will come blizzing forth, with rude and shocking manners,
and all the storm kings of the north will shake their icy banners.
And then, alas, poor weary soul, you'll suffer dire emotions, when
buying clothes and buying coal, and buying drugs and potions. Me-
thinks I see you, in the street, on icy pavements totter, and long
to bask in summer's heat, and ply your patent swatter! I hear you
mutter: "Can it be that I was so silly, sighing, when summer breezes
baked the loam, and happy men were frisking? And did I 'neath the
golden skies, vexed by staves and heaters, heap maledictions on
the flies and dam the meek mosquitoes?" Oh, "whistling whiskers!"
say you then, "King Winter is a hummer! My heart will ne'er
know joy again until it's cooked next summer!"

**JUST TRY A TEN CENT
BOX OF CASCARETS**

Insures You For Months Against a
Sick Headache, Biliousness,
Constipation or a Bad
Stomach.

Put aside—just once—the Salts,
Cathartic Pills, Castor Oils or purga-
tive waters which merely force a
passageway through the bowels, but
do not thoroughly cleanse, fresher
and purify these drainage or alimen-
tary organs, and have no effect what-
ever upon the liver and stomach.

Keep your inside organs pure and
fresh with Cascarets, which thor-
oughly cleanse the stomach, remove
the undigested, sour and fermenting
food and foul gases, take the excess
bile from the liver and carry out of
the system all the decomposed waste
matter and poisons in the intestines
and bowels.

A Cascaret tonight will make you
feel great by morning. They work
while you sleep—never gripe, sicken
and cost only 10 cents a box from
your druggist. Millions of men and
women take a Cascaret now and then
and never have Headache, Bilious-
ness, Coated Tongue, Indigestion
Sour Stomach or Constipated Bowels.
Cascarets belong in every household.
Children just love to take them.

IN MISFORTUNE**

This is the story of a man living at
the northwest corner of Licking
county, who fell from a load of hay
and was paralyzed. He had just taken
out life insurance and given his
note for ninety days in payment; had
not paid any money at all. He is not
required to make any further depos-
its on his policy and is drawing it
while living, although in most any
other company he would have been
obliged to continue his payments un-
til death, although paralyzed and
unable to work, but he took his in-
surance with the Midland Mutual, the
Home Company, and when their pol-
icy holders become totally and perma-
nently disabled the Midland pay the
claim while living, and without fur-
ther premium payments. If you want
your next policy to protect you
against permanent disability as well
as death, get in touch with a Midland
Mutual man.

**NOTICE FROM THE
BOARD OF REVIEW**

Our faith in the honesty of the tax-
payers of this city is fully justified by
results. We believed at the outset of
our official duties, if the people of
Newark were fully acquainted with
the provisions of the Smith one-per-
cent law, all would cheerfully comply
with its requirements. Many people
thought that after real estate was
placed on the tax duplicate at its true
value in money, and moneys and
building and loan stocks honestly re-
turned for taxation, some method
would be devised by the taxing au-
thorities to increase the rate on these
high valuations to the great detri-
ment of the people. The Smith one-
per cent law provides that the
"intent and purpose of this act being
to provide the total amount of taxes
which may be levied in the year 1911,
or in any year thereafter for all pur-
poses shall not exceed in the aggre-
gate the total amount of taxes levied
in the year 1910, plus six per
cent thereof for year 1912, nine per
cent for year 1913 and twelve per
cent thereof for any year thereaf-
ter, or, such less amount as may
be provided by the levy of a maximum
rate of ten mills on each dollar of the
tax valuation of the taxable property
therein." Thus, it will be seen that
the taxpayers are protected against a
high rate as the aggregate sum that
can be collected in any one year is
limited by law. For this reason our
people are responding by the hundreds
and we have placed on the duplicate
several hundred thousand dollars that
was not listed with the assessors. Our
people last spring when the several
assessors called on them, did not
know what would be the outcome of
the Smith one-per cent bill, then
pending in the legislature, and many
of them doubtless thought that if they
listed their money, notes and other
taxable securities, they might be sub-
jected to last year's high rate of taxa-
tion, which would have amounted
practically to confiscation of property.
Now, since the law is an established
fact, and our people have read the
safeguards surrounding it to the end
that it will be impossible for the tax-
ing authorities to impose an exces-
sive rate on their property they are
calling at our office and voluntarily
giving in the amounts they failed to
list with the assessors. It is not
through fear of the penalty of a 50
per cent addition if the same were
detected by us next year or thereafter,
but a sincere desire to comply with
the law when fully understood. If
your returns are not correct, call on
us at our office in the basement of the
Court House (west entrance) and we
will cheerfully correct the same with-
out penalties being added.

Respectfully,
J. P. MURPHY,
1431 THE BOARD OF REVIEW.

STATE NEWS.

Cleveland: Stepping from one track to another to avoid a train, Charles Schmith, aged 19, was run down by a Lake Shore and Michigan Southern switching engine and killed.

Canal Dover: George Bloiser, aged 56, a farmer living near Winesburg, fell from a tree while gathering chestnuts. His head struck a stone, fracturing his skull, and he died about an hour later.

Akron: Akron experienced the first snow of the season Thursday morning at 8 o'clock. While hundreds of persons were enroute to the county fair grounds, they were confronted by small white flakes wafted from the north.

Canal Dover: John Spach, aged 25, of New Philadelphia, brakenan on the B. and O., fell from the tender of a southbound train here and was run over. He died at a hospital half an hour later.

Ashtabula: Charles Whiting nearly lost an eye when he entered his slaughter house in Austintown after dark without a light. He ran into a hook hanging opposite the door, tearing the eyelid almost off and inflicting injuries.

Barton: Tom Sopnik, aged 22, employed at the mine of the Barton Coal company, desired to make plenty of money before his return to Poland to be married next Christmas, and so did not stop work to put up posts in his room in the mine. The roof fell in, killing him instantly.

Cincinnati: Despite the fact that he paid back \$1,500 which he was charged with taking from the Fifth-Third National bank, Wallace K. Davis, former paving teller, has been indicted by the United States grand jury on a charge of embezzlement.

Millersburg: The citizens are arranging for a very extensive coin show to be given soon.

St. Mary's: Edward Neuman, aged 22, committed suicide by hanging at his home near this city. No cause for his deed has been given.

St. Clairsville: Workmen sent to secure stone to be used in street paving, saw a monument in front of the monument store of the F. W. Longley Co. Thinking they were taking it to a cemetery, no one objected, and it was broken up and used for a base for street paving. Longley has put in a bill for \$500 for the monument.

Cincinnati: Announcement is made that the Big Four Railroad company will open its new track between Middletown and Marietta next Sunday. The new roadbed was recently completed, and cut the distance between the two towns from 12 to 10 1-2 miles.

Gallion: While endeavoring to play with a horse, Harry, aged 6, son of Warren Nesbitt, was bitten by the animal, which nearly removed the boy's scalp before assistance arrived. He is in a critical condition.

Zanesville: Pressure of creditors and failure to secure capital by subscriptions to the capital stock are given as the causes for the receivership of the Art Manufacturing company, Zanesville's newest concern.

Wapakoneta: Elmer S. Baker, Edward C. Watson, Wm. Katherine and Charles Lottridge, conductors, were indicted for stealing fares from the Western Ohio Electric Railway company.

Port Clinton: Two cases of diphtheria have been reported at Plastered, about three miles east of here. The Plastered schools have closed down to prevent the spread of the disease.

Marysville: Mr. and Mrs. S. V. R. Young celebrated their golden wedding anniversary at their home in Richmond, a large number of relatives and friends being present. Mr. and Mrs. Young were married in a log cabin in 1861 in Galena, and began housekeeping in a log cabin in Claibourne township.

Hamden: The public schools at Londonderry are closed because of an epidemic of scarlet fever. Six pupils of the school are ill from the disease.

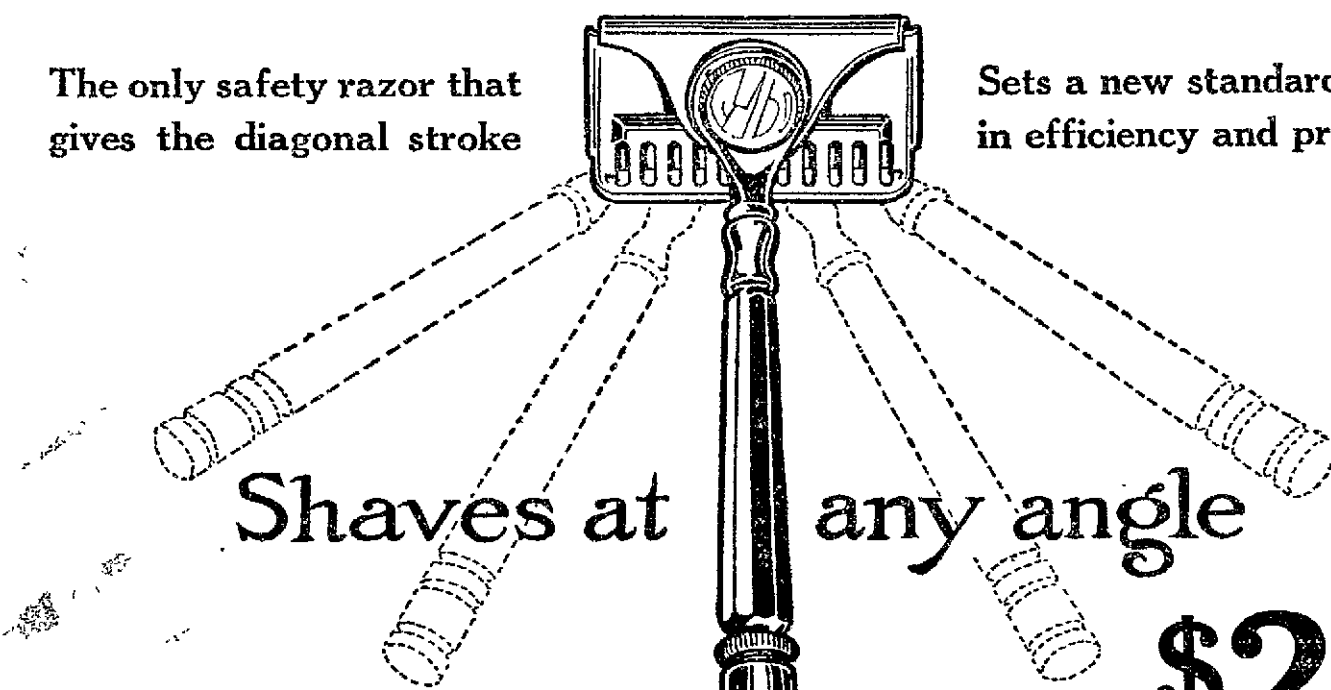

"Suffered day and night the torment of itching piles. Nothing helped me until I used Dean's Ointment. It cured me permanently." —Hon. John R. Garrett, Mayor, Girard, Ala.

Young SAFETY Razor

The only safety razor that gives the diagonal stroke

Sets a new standard in efficiency and price

Shaves at any angle

Complete Outfit, including 12 blades,

\$2.50

YOU know the usual arguments for a safety razor—you are probably a safety razor user because of them. You know that the one serious drawback, common to all safety razors, is the inability of the user to shave with the diagonal stroke. To cut the beard clean, without pulling and without irritating the skin, requires a blade moving at an angle. This is the greatest feature of the old-fashioned straight razor, and the only good feature it ever had.

The Young is a Safety Razor with the diagonal stroke of the old-fashioned straight razor

A touch of the finger turns the blade at any angle, so that the razor, when drawn across the face, in the same way as with any safety razor, cuts diagonally. You get this diagonal stroke unconsciously without any effort, and you get it, no matter what the position of your hand is, or what part of your face you are shaving.

A Safety Razor that is SAFE

The Young Safety Razor is first of all a safe razor. The blade is so guarded that it is a physical impossibility to cut the face or to shave too close. There are no exposed corners of the blade to cut the ear when shaving down the side of the face, or the nose when shaving the upper lip. The razor itself is small, nicely balanced, beautifully finished; the method of taking out and inserting blade, is the simplest ever devised.

Young Safety Razor Blades

are made from the finest steel obtainable. They are not "wafer" blades, be-

ing much thicker. This thickness means a better blade—permitting of a keener, more durable edge and a firmer, more satisfactory "feel" when in use.

The outfit includes the razor, 12 keen blades and a holder for stropping. Strop the blades if you wish. It's easy. But new blades cost so little (only 75 cents for 12) that stropping is unnecessary.

Complete Outfit
in attractive leather case
\$2.50

Extra blades, 75 cents for 12

If the many attractive and unusual advantages which the Young Safety Razor offers, prompt you to try it, the price will not deter you.

Young Safety Razor Company, 1715 Germantown Avenue, Philadelphia, Pa.

Free 30 Day Trial

The only way for you to satisfy yourself as to the superiority of the Young Safety Razor, is to try it. We do not ask you to risk \$2.50 on the experiment. Any dealer in your city will let you try this

Daddy's Bedtime Story—

A Cat That Didn't Like to Go to Bed

Monk Sneaked Behind the Curtain

"THIS evening," said daddy to Jack and Evelyn, "I am going to tell you a story about a smart cat. The cat's name was Monk. Monk belonged to a family which was very fond of cats and so he was given the best of everything to eat and during the day slept on the softest rugs in the choicest corner in the house. When night came the cat was sent to the cellar, where he had a snug box cushioned with carpet. The cat's mistress would give the pussy a nightcap—a piece of nice meat to coax him to go down into the cellar without making a fuss. One night the supply of meat ran short and there was nothing he liked for Monk. He didn't know this, so when a piece of cold potato was thrown down the cellar stairs Monk went trustfully after it.

"The next night when it was time for Monk to go to the cellar he would not stir when called. He looked scornfully at the piece of meat held up to lure him below. Monk having been fooled once was not to be taken in again.

"The meat had to be poked under his nose before he would believe that it was all right.

"After a time Monk hit upon the plan of biding when it came bedtime. He tried creeping under the sofa, into an empty drawer, into the pantry and even into the clothes basket, but was always hunted out by his mistress and hustled down cellar in disgrace without the nice nightcap.

"Monk made up his mind that he would get ahead of his human folk. So he racked his little brain for plans and spent his spare time nosing about for a good hiding place.

"One night, when the usual bedtime search was made for Monk, he was not to be found. After a half hour's hunt the family gave it up and went to bed. The next morning when they got up Monk was found washing his face in the middle of the dining room. The same thing happened the next night and the next.

"Then Monk's mistress said she would not be outwitted by a cat, and the next night Monk was watched. Shortly before bedtime he was seen to crawl behind the window curtain. When the cat's mistress peeped inside the curtain he was gone. But she guessed what had become of him. Stealing outdoors she saw Monk clinging to the window sill.

"A pane of glass had been broken in the window and Monk had squeezed out and was waiting for folks to go to bed when he could go back to his cushion or perch out of doors as best suited his fancy.

"You may be sure that the pane of glass was put into the window the next day."

ABE MARTIN SAYS:

BEFORE INVESTING FUNDS

The particular needs of the investor should be considered. A security which is suitable for the business man might not be desirable for the widow. For instance, — Atchison, common, might be satisfactory to the business man, but for an estate a seasoned dividend preferred or guaranteed stock, giving safety of principal and income, should be selected.

Cincinnati Gas & Electric Co. has paid dividends for 65 years. At the present price it nets more than 5 1/2% and is free from tax in Ohio. It is a guaranteed stock and a public utility company serving a growing population. A full descriptive circular sent on request.

In making selections of desirable and suitable investments, we can assist you with suggestions together with facts and figures for comparison, that will help you to make an intelligent decision. We make no charge for this service.

THIRD ANNUAL REUNION OF THE BENNER FAMILY

Large Number Gather South of Granville to Enjoy Annual Event—News of the Village.

Granville, Oct. 6.—The third annual reunion of the Benner family was held at the home of David Benner, several miles southwest of the village on Thursday, October 5. Those from a distance were Henry Grant of Omaha, Neb., David Benner of St. Louis, Mo., and Mrs. James Connors of Cleveland. There were about fifty persons in attendance at the reunion. After doing justice to a sumptuous dinner the afternoon was spent in having a good social time, and a fine program consisting of songs, readings and music was rendered, which was enjoyed by all.

The regular meeting of the Travelers' club this week was held in the Baptist church, when the following interesting program was carried out: Lake Itasca, The Father of Waters—Mrs. Sinsabaugh.

The Twin Cities, Indian Legends—Mrs. Clemmons.

The guests of the club were Mrs. Spellman and Mrs. Tresize. All enjoyed the program very much.

Quite a number of Granville people went down to Newark Friday and attended the fair.

Mr. and Mrs. Henry Levering, and two children, Thomas and Fannie of Indianapolis, who have been visiting relatives and friends in Newark and northern Licking during the past two weeks, spent Thursday with friends in the village.

At the last meeting of the Travelers' club of this place, Mrs. Clemmons was elected as delegate to attend the convention of the Ohio Federation of Women's clubs to be held in Cleveland.

Quite a number of the Granville members of the W. C. T. U. went over to Utica Friday to attend the Licking County W. C. T. U. annual convention, which is being held in the Church of Christ, that place, and which will continue over Saturday.

Friday evening there is to be a lecture and on Saturday the business part of the convention and other matters will be considered. Saturday evening the gold medal contest will be held, which will be participated in by all the silver medal contestants in the county.

The annual reception of Shepardsen college to the young men of Granville College, will be held this Friday evening in Stone Hall.

About twenty of the relatives and friends of the venerable Mrs. Rachel Davis, gathered at her home south of Granville on Thursday to assist her in celebrating the seventy-eighth anniversary of her birth. A most delightful time was had by those present and Mrs. Davis expressed herself as feeling twenty years younger. One of the features of the occasion was the splendid dinner that was prepared by the daughters of Mrs. Davis, Mrs. Freeman and Mary Davis. Mrs. Davis was the recipient of a number of very handsome and useful presents from friends.

Hugh S. Campbell of Chicago is visiting friends in Granville.

J. P. Sellers has been elected secretary and treasurer of the Granville Lyceum association.

The Rev. John Evans of Jackson, will occupy the pulpit of the Welsh Congregational church during the month of October.

ONLY WAY TO WIN SUCCESS.

People Have Learned That They Must
Depend on National Government For
Reforms—Many Men In Congress
Have Expressed Themselves as Fa-
vorable to the Proposition.

By ARTHUR W. DUNN.

Washington, Oct. 6.—[Special]—The foundation was laid during the session of congress recently closed for something tangible in the way of good roads. Associations for the improvement of roads have been organized in all parts of the country, and states are making efforts to do something for their highways.

It has come to be very well understood that unless the general government takes hold of the matter there can be no real success in the movement. More than that, the people have learned in late years to depend upon the general government for reforms and betterments, and for nearly every ill that afflicts them they ask a government balm. Consequently the road movement has become a live issue in national affairs.

Rural Routes the Wedge.

The number of men in congress who have expressed an interest in the subject shows how deep seated is the movement to get government aid and money for the construction of roads. If the expressions of opinion of members of congress is any criterion it will be hard for those who oppose the use of government funds for building roads to withstand the movement.

It is the intention of the men who are seeking government money for roads to make the improvement of rural free delivery routes the entering wedge. The constitution says that congress may establish postoffices and post roads. Then why not improve such roads? ask the advocates of the good roads movement. The speeches, the petitions and the earnest arguments all look toward final success in a few years.

National Committees to Meet.

Soon after congress assemblies there will be two other very important political meetings in Washington. Both of the national committees will meet to fix times and places for the national conventions of 1912. More political significance will be given these meetings than they are really entitled to for the reason that they will do very little in the way of shaping the action of the nominating conventions.

The fact that the committees will later pass upon the temporary roll of the convention makes them a little important when there are many contests, but otherwise the old national committees do not have much to say about the naming of candidates or making of platforms. The meeting of the Republican national committee will be important in determining whether Postmaster General Hitchcock is still chairman or whether he has designated some other man to act in his place.

The Economy Commission.

Congress will try to economize in making appropriations during the coming session, and it is expected that they will have the benefit of President Taft's economy commission, which has been at work for nearly two years seeking how to save in the management of the government business.

It is expected that this commission will report that the saving to be made consists in discharging a few hundred clerks and in relaxing in some ways the methods of auditing and checking of government accounts. The commission cannot recommend a saving of any very large amount, and it is doubtful whether the proposed changes will appeal to congress when it means the discharge of employees.

Lop Off Big Expenditures.

It has been demonstrated again and again that the only way to make a real saving in expenditures is to lop off the big things. Cutting down the army and navy, cutting down river and harbor appropriations, reducing the pension appropriations, cutting off high salaries, and in fact making a real attempt toward economy is the only way to make an impression.

The saving of a million dollars out of a thousand millions by cutting off a clerk here and there and by changing the methods of doing business will not be very effective. The real test will come when congress comes to make appropriations for the big things which mount into a hundred million dollars quickly.

Pure Food Legislation.

It is already apparent that the friends and foes of pure food legislation are lining up for a big fight in the coming congress. Everybody supposed to have influence is being centralized by both sides, one in the interest of strengthening the hands of Dr. Wiley and the other in favor of more liberal construction of the pure food law. A supreme court decision has made it necessary to amend the pure food law in relation to patent medicines and drugs. It is expected that this amendment will mean quite a lengthy pure food fight.

YOU CAN HAVE HEALTHY HAIR

Use Wyeth's Sage and Sulphur, A Harmless Remedy That Makes the Hair Grow.

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin, or falling hair, dandruff or any trouble, of the sort if they would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair, and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start today with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

AMUSEMENTS

WHAT THE PRESS AGENT SAYS

BIG EVENTS AT THE GRAND TONIGHT.

Pathe's Weekly—Sandy Hook, N. J., The convention of the governors of the United States visit Fort Hancock to witness target practice of the 12 inch disappearing guns. London. England. Dock strike scenes. Geneva, Switzerland. Thomas Edison motoring through the Alps. Trieste, Austria. Austrian battleship Viribus launched. Syracuse, N. Y., President Taft speaks at State Fair. Atlantic City, N. Y., The Shriners convention. The Luin Temple of Philadelphia leads the procession. New York, Calbraith Rodgers leaves on his attempt to cross the continent in an aeroplane for the \$50,000 prize. Watong, Okla., Annual Arapahoe and Cheyenne Indian Fair. Drama, Rose of old Augustine. Steven's orchestra. Beulah Clarke, Singer. All at the Grand tonight for five cents.

AUDITORIUM TONIGHT.
"When We Were Friends," a comedy by W. B. Patton and the first time ever at popular prices will be the offering tonight by The Baris Stock, at the Auditorium. This being their feature dress play should be an extra drawing card. Matinee tomorrow a beautiful love story of after the war, "The Girl of the Sunny South," concluding their week's engagement with that strongest of all temperance plays "Ten Nights in a Barroom."

"QUINCY ADAMS SAWYER."
A prominent American dramatic critic concluded a recent play review with this sentence: "If a wholesome, honest, cleanly play that alternates pathos and laughter with galling gun rapidity is what theatre-goers want they will go to see 'Quincy Adams Sawyer,' and it is quite evident they are going."

When the play is seen here at the Auditorium theatre on Monday, October 9, one night only, the proof of all these statements will be so self-evident as to be indisputable.

MONTGOMERY AND STONE.
Mr. Charles Dillingham, the impresario who controls the destinies of Montgomery and Stone and half a dozen other stars, has just arranged for the engagement of "The Old Town" one performance Tuesday, October 10.

On the occasion of the earlier engagements Montgomery and Stone's popularity was sufficiently attested in the circumstance that the theatre wasn't nearly large enough to accommodate the crowds clamoring for admission during their engagement.

"The Old Town" in which Montgomery and Stone are appearing, is a lively musical comedy by George Ade and Gustav Lindero, and like all of Mr. Dillingham's productions, it is

given every advantage of congenial cast, picturesque scenic investiture and rich costuming. There are ninety people in the company supporting Montgomery and Stone, including all of the favorites. The seat sale opens Saturday, October 7 at 9 a. m.

"THY NEIGHBORS WIFE."
The plot of "Thy Neighbor's Wife," the comedy with Arthur Byron, which Daniel Fohman will make known at the Auditorium Wednesday, October 11, tells the story of two young couples, who have been dissatisfied with each others ways, and who, eventually, enter into a compact to try an exchange of partners, the experimental arrangement to last one week. One act is given over to an exposition of the causes for dissatisfaction, another to the making of the plan of exchange, and a third to the means by which disillusionment comes on the one hand and renewed affection on the other. For the wives persist in believing that deep down in their hearts their husbands really love them. The play will be excellently cast and handsomely mounted and promises to afford no end of entertainment and laughter for those who will take it in.

"ROCK OF AGES."
No play has ever been seen on the stage which deals with the white slave traffic as extensively and as broadly as does Rowland and Clifford's new play, "Rock of Ages," written by Edward E. Rose, author of last season's success, "The Rosary." Handling as it does, topics of the present day that are alive, blood-red and vital, "Rock of Ages," does not feel content with merely pointing out the rottenness of many phases of everyday life in the big cities, but offers and proposes a remedy. At the Auditorium theatre, Thursday evening, October 13.

"THE BOHEMIAN GIRL."
So great was the support given last season to the Messrs. Aborn for their enterprise in giving to Belfo's greatest work "The Bohemian Girl," a production hitherto never attempted, that they decided to continue it for another year. This season it will be presented in all the larger cities from the Atlantic to the Pacific and incidentally in order to break the journey, will play a few of the important of the so-called one night stands. Early Auditorium attraction.

THE ORPHEUM.
Manager Mortimer Bassett of the Arcade Orpheum theatre has again demonstrated that it certainly pays to book first class attractions. He closed a successful first half week's bill with the Africans, packing the pretty little theatre daily and now he proposes to do the same thing with M'lie Toonas' Indians.

The Indian songsters certainly made a big hit. The act is a new and novel one for Newark and one of the best that has ever appeared in local theatres. M'lie Toonas' has a troupe of warblers consisting of six Indians, each one being an artist. Standing Bear, the basso, rendered "The Wanderer" in a superb manner, but it remained for Eagle Wing to carry off the honors with his rendition of several selections from grand opera. His admirable tenor voice thrilled his auditors and he received encore after encore, cheerfully responding with an extra number. The full chorus next sang a scene from the opera "Rigoletto," and one could imagine that they were listening to one of the grand opera companies. M'lie Toonas' Indians have made a pronounced and distinct hit and standing room only will be the order of the day at the Orpheum theatre for the balance of the engagement.

The bill opening Thursday is most excellent and well worthy of patronage. It is opened by Dancing Stone and the young man is a wonder. In that he does several different kinds of dancing closing his act with an imitation of one of the most noted eccentric dances in the country. Conkney, the comedy juggler, follows with a turn that made a pronounced hit. His German dialect is fine and his juggling is more than clever. Sylvester & Vance do a singing and dancing turn that gets much applause. The bill closes with the Indian singers with a handsome stage setting depicting an Indian camp. The Orpheumscope picture is a good one.

Manager Bassett announces that there will be no Sunday concerts as previously announced, he having decided not to open the theatre Sunday.

J. F. Ryan's Exclusive Pumpkin Fair is now going on; closes Oct. 12. Union Market Co., J. F. Ryan, manager. 2dft

Soda crackers are extremely sensitive to moisture.

Before the advent of Uneeda Biscuit the only persons who ever tasted fresh, crisp soda crackers were the people in the bakeries.

Imagine their trip from bakery to your table; exposed to air and moisture—kept in grocers' boxes and finally in a paper bag on the shelf in your pantry. Could they be the same as they were the day they were baked?

Now that we have Uneeda Biscuit—we have perfectly baked soda crackers—perfectly kept.

No moisture can reach them—no contaminating influences can affect their flavor—their goodness is imprisoned only to be liberated by you for you when you open the package.

Always in the moisture proof package. Never sold in bulk. 5 cents a package.

Berlin—"Thomas" Edison doesn't know what he is talking about," was the way Herr Bergmann, a lifelong friend of the inventor referred to the latter's assertion that Germans "feed their brains on too much beer."

New York—Fraulein Henta Fritsch, a German contralto, who arrived on the Barbarossa, was almost compelled to wear trousers when detectives thought she was a masculine embezzler.

Chicago—Ralph Elwell's "barking" cough led to his arrest while he was busily engaged in carrying away a few articles of silver from a neighbor's house.

Chicago—Two fastidious prisoners in a police cell refused to eat breakfast unless they were served with spring chicken and a bottle of wine.

Chicago—That patrons of restaurants should cook for the cooks is the suggestion of John Curtis Kennedy, formerly of the University of Chicago. Cooks and kitchen mechanics applauded the idea.

Chicago—Judge Hill decided an automobile livery company is not a public conveyer, and therefore, not liable for refusing to transport negroes.

Chicago—Flancees should take a course in child raising before they wed, according to Kate Doughlas Wiggin, famed author of children's books.

RIOT STARTED OVER SALE OF CAR TICKETS

St. Joseph, Mo., Oct. 6.—The entire police force of the city was called out last night to quell a riot at Fifth and Edmond streets, which arose over an order issued to street-car conductors not to accept tickets detached from books.

For two hours the corner was jammed by people who were crying to ride on street cars and pay their fares with detached tickets. The conductors, aided by extra help, were ejecting the patrons whenever they refused to get off.

The police did not interfere until

A Physician's Report on Tuberculosis Medicine

"Have used Eckman's Alternative in several cases of tubercular glands of the neck, with excellent results every time. In one case it cost me \$50, for the girl was put on it only until she could arrange to be operated, and in a short time an operation was not needed. I suppose your records are just as fine as mine. You know my faith in it."

Gentlemen: I have gained twenty-two pounds since last February and my baby is in perfect health. She is now four months old. I have been waiting since she was born to see how I would get along. I am now doing all my work have been ever since she was four weeks old, and I am steadily gaining. I do not cough or raise anything at all. I believe my lung trouble is cured."

(Signed) Adeline MRS. M. H. GARVIN. —Mrs. Garvin is the mother of seven children. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. ights started, when they arrested all concerned, both the citizens and the street-car employees. More than a dozen arrests were made.

C. L. Murphy, Leavenworth, Kan., was seriously injured when a conductor threw him from a car. His head struck the pavement.

Chief of Police C. H. Haskell finally ordered the streets cleared. He personally took charge of the situation and the crowd was dispersed. The street car company then rescinded its order and there was no more disturbances.

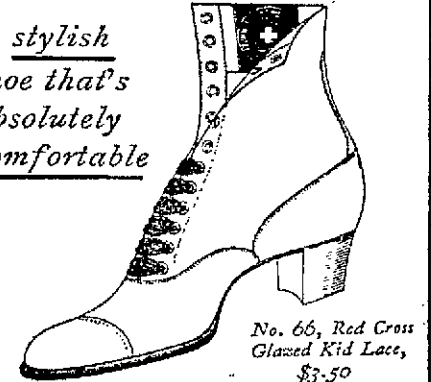

The trouble arose over the fact that newsboys were selling the street-car tickets with papers. The company, in order to break up this speculation, issued an order that tickets would only be accepted when not detached from the books. The public seemed to sympathize with the newsboys, for the sale of tickets continued and the trouble arose when the people tried to tender the detached tickets for their fare.

WAR IS DECLARED

One Use of the Eel. It is difficult to exhaust the uses of the eel. Experts in top whipping pronounce a dried eel skin an admirable lash, and tops are by no means the only victims thereof. There is that affecting passage in Mr. Peppy's diary: "April 24, 1903. Up betimes, and with my salt eel went down in the parlor and there get my boy and did beat him till I was fain to take breath two or three times. Yet for all I am feared it will make the boy never the better, he is grown so hardened in his tricks, which I am sorry for, he being capable of making a brave man and is a boy that I and my wife love very well." "Salt eel" appears to have been a nautical term for a rope's end, and it is not certain that Peppy's instrument of castigation was actual eels' skin. But the original "salt eel" laid its mark. — London Chronicle.

Wild Parrots Are Fighters. Parrots when in their native wilds live in flocks and guard themselves by a complete police system which enables them to marshal their collective force quickly when any animal or bird attacks one of their number. They seem to be disciplined and trained in fighting together, and all other birds and animals are afraid to attack a parrot unless the bird can be caught alone. Even then a shrill call summons the parrot army to the rescue. It is said that in the forests all parrots die of old age and that none is ever killed by birds of prey or other wild animals.

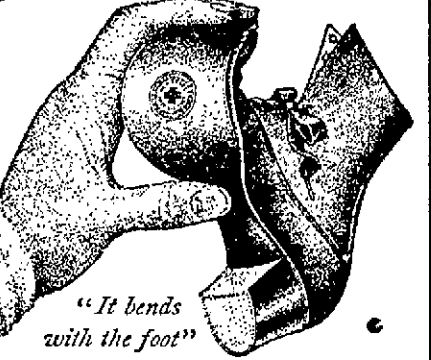

A Shoe that Doubles a woman's Capacity for work or pleasure

In the ordinary shoe, at every step, the sole of the shoe rubs the ball of the foot. Thousands of rubs a day!

This continual rubbing draws the feet, makes them burn, throb, ache. The constant strain tortures the nerves of the feet and they in turn tire out the whole system.

The Red Cross Shoe saves a woman's strength, because it removes this strain. The sole of the Red Cross Shoe is flexible.

Cats in Ancient Wales. An ancient statute ascribed to Howell the Good, a Welsh prince, who ruled in 948, regulated the price of cats. A penny was the price of a kitten before its eyes were open, twopenny until it had caught its first mouse and fourpenny when it was old enough for combat. He who stole a cat from the royal granaries forfeited either a milk ewe, with its fleece and lamb, or as much wheat as would cover the body of the cat suspended by its tail, with its nose touching the ground. A penny was a coin of great purchasing power in the tenth century.

The Eternal Feminine. From the fresco paintings of women in the Cretan palaces of the period about 2000 B. C. it is learned that the women of that time plained in their waists, had bonneted or accorcion skirts, wore an elaborate coiffure on their heads, shoes with high heels and hats which might have come from a Parisian hat shop, while one woman might be described as wearing a jupe culotte.

Wanted the Best. Uncle Raspberry walked into a drug store. "Gimme one o' dem plasters foh my back," he said. "One of the porous plasters?" "No, I don't want one o' de porous plasters. I want one o' de best!"—Washington Star.

Legal Pleasantries. The pompous lawyer assumed his most imposing mien. "Gentlemen of the jury," he began impressively, "I once sat upon the judge's bench in the state of Maine and—"

"Where was the judge?" interrupted the opposing attorney.—Housekeeper. "Why do they call a theatrical backer an angel? He hasn't wings?" "No, but his money has."—Baltimore American.

THIS is a receipt printed by a National Cash Register

It tells you how much you paid, to whom you paid it, and safeguards you in case of error. When you have the receipt you can prove that you paid for your goods.

This prevents unpleasant controversies between you and the merchant or his employees.

The merchant has a duplicate of every receipt with which the cash in the register tallies at the end of each day.

He knows exactly how much money he has received every 24 hours—he can check his leaks and thus reduce his business losses.

He is sure that he has made his profit on every sale. He gives better value than an unsystematic merchant.

Kirschbaum Clothes. ALL WOOL HAND TAILORED

From oil painting of the Wakefield Tower, Tower of London. The Kirschbaum models shown (reading from left to right) are the Strand and the "Yungelo" Wales.

WE deal in A.B. Kirschbaum & Co. Clothes for these reasons:

Because Kirschbaum Clothes are the clothes sold by progressive merchants everywhere. And, more particularly, because the Kirschbaum standard of quality, tailoring, finish and style squares with our ideas of what we want to offer our most particular customers.

There is never any question about the fabric. A suit or an overcoat with the Kirschbaum Cherry Tree Brand label is as surely "All-Wool" as the coat on a sheep's back.

Kirschbaum tailoring is hand tailoring—shape and style are needle molded into the cloth by hand and will stay, insuring permanent good looks. Prices, \$15, \$18, \$20, \$22, \$25.

The Kirschbaum Special \$18 "True Blue," Heavy Weight Serge Suits are hand-tailored, fast-color, "top-style" clothes—a new suit for any that fades.

originating from the Indians, saying they have no connection with the musical expressions of any tribe. Mlle. Toona told how different part of the day are represented by song, the chief of a tribe comes to the opening of his topee and at the break of dawn begins his welcome to the day and it is taken up by the entire tribe.

Mlle. Toona also contemplates the erection of an Indian theatre. She has been offered a site at Los Angeles but moneyed people interested are trying to persuade her to locate either at New York or Chicago. The plans for the theatre provide for lobby display rooms showing Indian work of all kinds, and the living rooms of the Indian company will be upstairs. There will be from 40 to 60 Indians at the theatre and the venture will be made self-supporting, there being two companies on the road at all times. In this day when the Indian is fast dissolving in the past, Mlle. Toona desires to bring together a band to perpetuate the customs of her ancestors. Mlle. Toona also desires to prove that under proper condition and training the Indian would rank equally well with his more fortunate American brethren.

The Indians appearing in the company at the Orpheum are from the Eagle-Ravin of Alaska, Hopi of Arizona and Iroquois tribes of New York.

With the pennant lashed to the mast, the Mackmen continue to win games just like they needed them. Yesterday's victory over the Yankees was their one hundredth of the season.

McGraw's men too are playing like they needed the games. They scored six runs off the wild Mr. Barker in the first inning, while Rockie Maxwell didn't give the infants enough hits to overcome the lead.

The Red Sox pounded Hughes and Becker for 13 hits, which, with three errors gave them the game over the Senators 11 to 2.

What would happen on the Polo grounds, if, during a crucial period of the series Merkle should forget to touch second base?

Alexander the Great, won't be able to overtop on the diamond again this year, but he'll have to work overtime to make Horace Fogel pay him \$7,000 a year. Alexander has balked on signing a \$5,200 contract.

May we be permitted to inquire why Comiskey refused to waive on Old Man Charley Hemphill of the Yankees, who was slated to manage the Jersey City team.

Airships floating over the Cardinal's park in St. Louis gave the spectators a little amusement—the game with the Cubs surely didn't.

The Cubs and White Sox start their city games Friday, Oct. 13, which Frank Chance says is his lucky day. He's been lucky this year; lost a pennant, been beaten and is out of the game for good. Here's luck.

Ty Cobb has played his last game of the season. His batting average therefore is .417, which leads the league. He also leads in stolen bases—85, and in run getting—149.

A TONIC FOR THE STOMACH

Many People Who Think They Are Dyspeptics Need Only to Have Their Digestive Apparatus Toned Up.

Much of the dieting and treatment for stomach trouble is worse than the disease and often aggravates it.

Tone up the stomach to do its part rather than cut down the diet to suit a weak stomach. Reformed nourishment means increased strength for the entire system including the stomach. To restore the weak stomach to strength and health, it must be supplied with plenty of pure, red blood, for every act of digestion needs healthy blood.

Dr. Williams' Pink Pills for Pale People meet all the requirements of a good tonic for the stomach because they are an unexcelled blood-builder. The pure, rich blood which they make stimulates and increases the flow of the digestive fluids, removes any irritability of the stomach, soothes and strengthens the nerves, and supplies the stomach with the needed strength.

Mr. Howard S. Urban, a blacksmith, of Wrightsville, York Co., Pa., who was cured by Dr. Williams' Pink Pills for Pale People, says: "Some time ago I began to be troubled with indigestion and my stomach became so weak that I frequently had to vomit after eating. Food felt like a dead weight in my stomach and would ferment, causing gas to form. I was troubled with dizziness and when I straightened up suddenly after bending over, I would see black specks before my eyes."

"I was under a doctor's care more or less of five time for six months but he failed to cure me. I read about Dr. Williams' Pink Pills for Pale People in a book and concluded to try them. I used several boxes of the pills, as they helped me from the first, and was completely cured."

For a more complete explanation of the use of Dr. Williams' Pink Pills in stomach troubles, send today for a free copy of our booklet, "What to Eat and How to Eat."

Dr. Williams' Pink Pills should also be used in anemia, rheumatism, nervousness and general debility, because of their power to make rich, new blood.

Dr. Williams' Pink Pills are for sale by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

We Milk 30,000 Cows Per Day

Dear Madam—

Think what that means—30,000 cows for folks who want Van Camp's Milk. This city is filled with its users.

We have dairies in seven states—each in the heart of a great dairying section. They are stocked with Holstein cows. There is no finer milk in all the world than comes from these model dairies.

And it is germless milk—utterly sterile. Children can drink it without thought of infection.

Waterless Milk

Close to each dairy the milk, fresh from the cows, is put into a copper vacuum. There we evaporate two-thirds of the water. And, because of the vacuum, this is done without scalding.

That is all we do before the milk is sealed. Nothing whatever is added. The milk is pasteurized after the can is sealed.

Put back the water and the milk is the same as it came from the cow, save for the sterilization by heat.

Thick as Cream

The milk comes to you 28 per cent solids, 8 per cent butter fat. It is so thick and rich that folks always dilute it, even for cereals and coffee.

In cooking, it gives to milk dishes twice the richness and flavor of the average milkman's milk. That's because milkman's milk separates. When it gets to the cooking it is rarely more than a half-milk. And Van Camp's is the whole-milk. You'll be amazed at the difference.

No Waste—No Waiting

You can buy, if you wish, a month's supply at a time. Then you have milk and cream of the highest grade ready all the time. And none is

left over—none goes to waste. An opened can will keep till you use it up.

Yet, with all these advantages, Van Camp's Milk costs less than the milkman's. We save you the cost of the daily delivery. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

It is nothing but habit—the milk wagon habit—which keeps anyone from using this milk. If you once learn its economy, its convenience, richness and purity you will never use other milk.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

THIEVES USED LADDER TO ENTER NEWARK HOMES

A painter's ladder which was being used by decorators at the home of Henry S. Fleck on Hudson avenue, was put to use sometime Thursday night in effecting an entrance to both the Fleck home and that of Harry Swisher, next door. In both residences, the burglars stole a quantity of jewelry, getting away with probably \$200 worth of valuables. The discovery was not made until

all the families arose this morning when it was seen that marauders had been in both the houses during the night. At the Fleck residence, the burglars got two watches, a ladies' and a gentleman's watch besides a valuable chain and charm, an emblematic pin and probably several times of small value were taken.

At the Swisher residence several chains and necklaces were stolen, but the loot was of comparatively small value.

An officer was detailed on the case and an investigation is being made though there is no clue to the identity of the burglars.

The burglars secured a ladder which had been left in the yard at the Swisher home and climbed to the second story of the two houses and entrance was effected easily. The thieves worked so quietly that none of the members of the household were aroused and they were able to proceed with their work unmolested.

PILLOWS SAVED THE BABY'S LIFE

Cincinnati, Oct. 6.—Playing on three large pillows near a window on the third floor of his parents' home yesterday, Philip Bergman, aged 15 months, held on to the pillows when they rolled out of the window. The fluffy feathers broke the child's fall as he landed squarely on them after his 30-foot flight through space. It was thought that the child received internal injuries, but he is apparently well on the road to recovery.

BOARD OF TRADE BOOK SOON TO BE PUBLISHED

The Board of Trade's 64 page illustrated book of Newark, an edition of 10,000 or more, will soon be ready for distribution. The advance proofs show that the book will be a credit to the city.

The "book" was prepared with care and the illustrations were all made expressly for this publication, nearly all being from new photographs or sketches. An artist worked for several days for example in making an accurate pen and ink sketch of the American Bottle Company's big plant. This illustration alone cost \$75. The plant of the Wehrle Company and other large industries impossible to copy by photograph are also sketched and high grade halftone cuts were made from the photographs and drawings. The city churches, fire departments, schools, Buckeye Lake views and Denison University pictures are grouped attractively and the book will picture all of the public buildings, earthworks, park scenes and manufacturing plants of the city. The book will contain the names of the 650 members of the Board of Trade. The cover page pictures Newark's central location and its transportation facilities, the drawing for the cover having been made by City Engineer Charles H. Wells. The manufacturers of the city has ordered about 6000 copies of the book for distribution. Others are now placing orders. A limited number will be put on sale at the news stands but prior to publication copies may be ordered in any number from 5 up by addressing the Board of Trade or calling at the Trust building. In order to be sure of getting the number of books you want place your order immediately. Everybody will want at least one of these books for his home and hundreds of people will want extra copies to send to former Newark residents or to send out-of-town friends. It will be by far the best Book of Newark ever printed. The Book is entirely free from advertising except that it advertises the city and its manufacturing interests. If you want any of these books do not fail to order now or it will be too late. The books will sell for 16 cents each.

REGISTRATION TOTALLED 140

Thursday, October 5, was the first registration day, when, under the law, all voters changing their places of residence, and all young men becoming of age, were given an opportunity to register. According to a statement made by the Clerk of the Board of Elections, Stanley Miller, the registration throughout the city was good, the total number of persons registered being in the neighborhood of 140, or an average of about five to the precinct.

The average man is eager to gratify his wife's smallest wish—its largest ones that go by the board.

Bald Heads Not Wanted

Baldness is too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head unless the roots of the hair are entirely dead, their follicles closed and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Newark who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we expect no obligation from the user whatever.

We are established right here in Newark, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Frank D. Hall, 10 North Side square.

FAMOUS OLD SCOUT IN TRIP AROUND WORLD

Captain N. D. Hicks, of Fort Sill, Okla., an Indian chief who is on a tour of the world, having started May 22, 1910, is in the city and expects to complete his trip in 1913. He claims to have been a captain of a company of Rough Riders under Col. Roosevelt in the Spanish American war and to also have participated in the Indian wars.

Captain Hicks has been dangerously near death several times, once when captured by the famous old Indian Chief, Geronimo, while in the scout service of the United States army; he was being tortured at the stake and his neck was about to be cut from his shoulders when the United States troops, led by an Indian maid, arrived. Captain Hicks later married the little redskin girl, who probably saved his life. Geronimo was taken prisoner and held at Fort Sill.

Capt. Hicks claims to be a correspondent for several newspapers and says he is also the editor of a weekly newspaper called the Indian Home and Farm, published at Muskogee, Okla. The Indian Home and Farm is the first paper ever to be published by the Indians, even the type being set by Indian workmen. Its object is to interest the 200,000 Indians in the United States in the advance of civilization. The paper is printed in English, Cherokee, Choctaw, Chickasaw, Creek and Seminole.

OLD TIME CRUELTY.

One Time When Surgery is Often Needless Torture.

Many operations for piles are simply needless torture, for when it's all over the piles come back.

The one fine way to be rid of piles for good is to use Dr. Leonhardt's HEM-ROID. It cures piles by doing away with the cause—poor circulation. \$1.00 for 24 days' treatment at W. A. Erman & Son, and all druggists. Satisfaction guaranteed. Dr. Leonhardt Co., Station B, Buffalo, N. Y., prop. Write for free booklet.

THE KODAK AT HOME

Flashlight pictures for the fall and winter evenings are now the popular thing and there is no end to the possibilities in picture making by flashlight. In daylight you must take your light as you find it, but with a flashlight, you are not subject to any limitations. Exposures may be made at any time and subjects placed wherever you wish.

The Eastman Kodak and supplies are seen in every variety, size and price at Haynes Bros. Jewelry store at 8 South Park place. If one owns a kodak how many happy reminders can be kept that are of interest all our lives. The more you see of amateur photography the more interesting it is. The Eastman flash spreader cartridge or the Eastman sheet give just as bright a light as sunlight for photography. The kodaks stand truly for picture making with the better left out. Every part of the kodak system has been planned to provide the simplest means of taking good pictures.

You can buy an Eastman kodak at Haynes Brothers from \$1.00 up. What's the matter with a kodak for a Xmas gift, too. See about it now. 6-9-11
